WM. E. PELL, PROPRIETOR.

"For Seymour and for Blair."

BY SAMUEL S. SPINNEY.

The dear "Old Flag" regenerate,
As 'twas in days of yore;
Replace the Stars of every State,
Their brilliancy restore;
Then round this Union Flag we'll range,
With patriot hearts we'll swear
That ruin's wasting rule we'd change
For Seymour and for Blair!

O'er all our broad and varied land
They join the glorious cause,
To make the country "heart and hand,"
The "Union" as it was.
Then fling the glittering Banner out,
And let it float in air,
And swell the patriotic shout
For "Seymour and for Blair!"

Let breezes lift the Banner high,
And with its colors sport!
What names thereon do we espy?
And what is their import?
It means we need a Statesman in
The Presidential Chair,
And will a glorious victory win
With Seymour and with Blair!

It means to bury "ocean deep"
The sectional jealous hate;
The Constitution sacred keep,
The Union reinstate;
It means that North and South agree
To treat each other fair—
"To live in love and unity,"
With Seymour and with Blair!

It means "Low Taxes," "Equal Rights,"
"One currency for all;"
That North and South and West unites
To heed their country's call;
And no more shall designing knaves
The Constitution tear,
When Freedom's Flag in triumph waves,
With "Seymour and with Blair!"

And Trade and Commerce once again,
The Anvil and the Loom,
Our noble Ships upon the main,
Their busy life resume;
The Farmer and the Artisan
Alike the harvest share
With Laborer and with Citizen,
Wi h "Seymour and with Blair!"

To "Save the Country," nearly lost,
To is Flag we rally round;
To save the rights of dearest cost,
To reverence hallowed ground.
The poorest Laborer in the land,
And Bonded Millionaire,
Should join with earnest heart and hand
For "Seymour and for Blair!"

"Our Country" we will be once more,
No rights of States denied;
"Our Flag," as 'twas in days of yore—
The Patriot's hope and pride,
Fling out the Banner, glittering bright,
And let it float in air,
And shout aloud, "Defend the Right!"
For "Seymour and for Blair!"

MAINE.

The New York *Sun*, a Radical sheet, says that the result in Vermont indicates the set of the current less surely than will the approaching election in Maine, where both parties are fighting the battle hand to hand, since the great struggle of 1840 between Van Buren and Harrison, the September election in Maine has been found a pretty sure barometer of the condition of the political atmosphere in the Northern States. At the last election the Republican majority was 11,000. If the Democrats now succeed in reducing it, or even holding it to those figures, the Republicans must prepare for squally weather.

A correspondent of the *Herald*, writing from Portland, gives the following graphic account of the campaign and the prospect.

"For my own part I am sanguine of the success of the Democratic ticket if the friends of Seymour and Blair do their duty faithfully. I have now visited nearly all the towns in the Kenebec and Penobscot valleys, freely talked with the people and walked about the lumber booms, ship yards and farms, and I find the people not only willing, but sighing for a change of government that will lessen taxation, distribute the burdens equally among all classes, stimulate trade, reduce expenses of government, regulate the currency on a proper basis and give an impulse to the shipping and lumbering business that has been ruined by Radical rule. They frankly admit that to the Democratic party alone they can look for reform, and as that period has arrived when party sinks before more important issues of State policy, they are prepared to trust the Democrats with a brief trial.—Some few—perhaps one third—still adhere to party and declare that while they feel keenly the necessity of a change in the affairs of the nation they are afraid to trust the Democrats, lest they should precipitate the country into another war and thus still further increase their burdens. Such is a faithful reflex of the sentiment of the working classes, in brief, wherever I have traveled along the lines of railways and rivers of the State."

THAT TRIUMPH.

To read the jubilant articles of the Radical presses over the returns from Vermont, one would never dream that the Republican majority in the Green Mountain State had always been in all contested elections over three to one. It was idle for the Democracy to think of wasting much effort on such a State by outside help. Accordingly, the Green Mountain Democrats were left to work out their own salvation, and right nobly have they exerted themselves. On the other hand, the Republicans, extremely solicitous to do away with the proof of a popular reaction against Radical misrule furnished by the Democratic triumphs in New York, Pennsylvania, New Jersey, California, and Kentucky, and the enormous gains in Ohio, Michigan, and elsewhere, strained every nerve. The result is before the country. The Radicals do not touch their large poll of 1864 by 417 votes, while the Democracy beat their poll of that year by 2,227. At an election since 1864 has a full vote been polled in Vermont. The Radicals have lost, while the Democracy have increased theirs 13 per cent. A like increase in the Democratic vote over that cast for McClellan would sweep all the North and West, and triumphantly elect Seymour and Blair.

These are the figures:

	1864	1868.
Republican	42,422	42,005
Democratic	13,325	15,552
Republican majority	29,098	26,453
Full poll	55,747	57,557

If in a poll of 57,557 votes the Radicals lose 417, and the Democrats gain 2,227, it is plain to be seen that in States where parties are more evenly divided the same triumph is assumed.—*Nat. Intel.*

From the Albany Argus.

THE MARCH OF DESPOTISM.

Congress voted to make it a penal offence, punishable with fine and imprisonment, for any person to vote in Virginia, Texas, and Mississippi at the Presidential election.

Congress also proposed to arm the Southern negroes, and thus precipitate a war of races, and create some excuse for the further military occupation of the South.

They fear defeat. They see the people marshaling in force against them. Every movement made now that looks like the employment of force is an acknowledgement that they dare not submit their cause to the free and fair discussion of the ballot-box.

And thus we see the progress made in the onward march of despotism.

No election in Virginia.
No election in Mississippi.
No election in Texas.
No election in Florida.

In Georgia, the popular vote not being publicly declared to be for Seymour and Blair, the Radical caucus resolves to "bag" the electoral vote through the Legislature.

In North Carolina and Tennessee army bills have passed to give the Congress-manufactured Governors the entire control of the election!

7th—I. M. McAFEE, OF CLEAVELAND.

Resolved, That we approve of the platform of principles adopted by the National Democratic Convention. It falters in no double sense—its language is explicit and its meaning clear—the issues presented to the country are plainly and unmistakably defined, and, with a free and fair election, we confidently believe they will be endorsed by a large majority of the people—and with that endorsement must come such a change in the administration of the National Government as will restore the Constitution and give peace, harmony and prosperity to the country, and especially to the down-trodden States of the South.

Resolved, That it is our earnest desire and intention to bring about these wholesome and necessary changes by the peaceful means of the ballot-box—and all efforts to produce a contrary belief, coming from what quarter they may, are but the tricks of interested partizans of a desperate political faction, bent upon perpetuating its power by any means and at all hazards. They are attempting to alarm the people of this State by the false cry of revolution and war, threatening them at the same time with military force; while, in other States of the South, they have not hesitated to take from the people the election of electors of President and Vice President, and to confer it upon Legislatures, the members of which were elected under military rule without freedom of choice and with no regard to the question of the Presidency, in order to secure the electoral votes of such States for the Radical candidates, in disregard and defiance of the just rights of the people of such States, and of the whole country.

Resolved, That it is our frank purpose now, and has been since the close of our late civil war, to accept and abide by, in good faith and without disturbance, the legitimate fruits and consequences of that war; to yield to the Government of the United States a cheerful submission and allegiance, and to perform all the obligations of citizens; equality in that grand copartnership of States which constitutes our Federal Union, we do so with no hostile intent; on the contrary, we wish to share its benefits and its duties; to rebuild our waste places under the protection of its flag; to re-establish the old era of good feeling in our common country; to thwart the designs of unpatriotic men everywhere, who seek to perpetuate discord and division; and to participate in the blessings, as well as the burdens, of the government.—*Resolutions adopted by the State Democratic Convention of North Carolina, Aug. 14, 1868.*

THE DISTILLING TAX.

We have alluded to the Radical tax upon fruit distillers, in North Carolina, as monstrous. We learn that the Radicals are declaring that the tax has been repealed.—This is false. The last Congress reduced the tax on liquor from $2 per gallon to 50 cents per gallon. The ostensible reason for this was, that the high tax had led to such an amount of corruption and fraud, that a lower tax would secure more revenue.

The Radical tax of $400 on fruit distillers *still remains*, as may be seen by the following telegrams. Mr. Helper telegraphs to the Revenue Commissioner:

U. S. INTERNAL REVENUE, SALISBURY, July 29, 1868.

Hon. E. A. Rollins, Com. of Int. Rev.:

Shall I conform to the law of 1867, with respect to the special tax of distillers of apples, peaches, &c.? Answer by telegram.

Very respectfully,
H. H. HELPER.

REPLY.

WASHINGTON, D. C., Aug. 1, 1868.

H. H. Helper, Asheville:

Special tax on fruit distillers is *four hundred* (400) *dollars*. E. A. ROLLINS, Com. Int. Rev.

Mr. John Crane, Collector of Revenue in the Greensboro' District, in a card to the public, dated Aug. 6th, 1868, says:

"The *special tax* levied by the recent act of Congress on the business of a Distiller is *four hundred dollars* per annum, and will be three hundred dollars for the balance of the fiscal year from 1st. August, 1868, to 1st. of May, 1869. There is no difference made in favor of distillers of brandy, except they are not required to deposit the funds to pay for the "meter," designated by the Government for distillers of alcohol from grain, molasses, &c."

No distinction is made *as to quantity*. If a man wants to distil simply two gallons, or one thousand gallons, from his fruit, he is liable to pay the $400, or at best $300, if he began after the 1st. of August last.—Many poor men, perhaps, ignorant of this Radical law, made arrangements to save their fruit, and had to abandon it, when they heard of the law. What do our Western people think of this Radical regard for their interests?

THE PEOPLE of the country are taxed enough, under Radical rule, to keep the Government running and to pay off the immense National debt in ten years, if the money were honestly applied. One-half the internal revenue imposed by the Federal Government, and collected from the people, is stolen by Radical officials before it reaches the Treasury, and the other half is squandered by Congress in schemes of the most extravagant corruption.

THE RADICAL PARTY, THE SPOILS PARTY.

The Chicago platform of the Radical party fails to assert its principles and aims frankly. It is a Delphic Oracle, and may be interpreted to suit the ever-varying phases of Radical politics. Their candidate, Gen. Grant, in his letter, plainly intimates that the changing character of the times renders it inappropriate for candidates to avow *any* fixed principles. He declares he has *no policy*, but such as the people may determine. This has been the language of every ambitious despot, who has sought to subvert the liberties of the people. "Let us have peace" is his talisman, and so it was with Louis Napoleon, when he said, "the Empire is peace."

There are but two principles—two guiding dogmas—which control the Radical party. The people have, until now, been blind to its aims. They are now waking up. But the Radicals are exerting every effort to turn away the eyes of the people from their chief objects.

1. The first controlling principle of the Radical party is, "to the victors belong the spoils." It is emphatically the *spoils party*. Every power, human and demoniac, will be employed to retain the spoils. The war threw upon the surface a horde of thieves and cut-throats, as the revolution did in France, who have seized upon the government for plunder. Congress and the State Legislatures are completely subsidized—bought up to this object. The Pacific Rail road schemes are said to be the greatest swindles ever perpetrated in any country. Congress is so completely under the managers of those schemes, that we are assured that no measure, no law, no proposition, which looks to the exposure of, or to any interference with, them, can be touched in that body. Thousands of other schemes, which throw millions of money into the pockets of members, are easily manipulated. We have heard it said, that, to be a member of Congress, to a corrupt man, is worth $100,000 per year. The members of Congress have voted themselves $5,000 salary per year, besides mileage. Besides this, the official exhibits show that each member receives about $3,000 per year in perquisites. Perhaps, each member costs the people $10,000 per year, besides what he makes by blackmail, &c. The cost, per year, of Congress, doubtless exceeds, by more than $500,000, what it did in the better and more honest days of the Republic.

This same spirit of spoils and plunder is exhibiting itself in our State Legislatures. Carpet bagism and scalawag waste are to be seen in everything. It was charged that black mail was employed in the State Convention in manipulating matters. It is believed the same was used in the General Assembly. When, before, was there a regular liquor saloon in the Capitol, where *free drinks* could be obtained by the members, before the last Radical Legislature met!—That saloon, too, we are told, was kept by a State paid officer! When, before, did a Legislature in North Carolina dare to appropriate public money to pay for a political exhibition on the public square of the Capital? When, before, were Pages enlisted? We have heard it said that stationery, envelopes, ink, pens, pen-knives, soaps, &c., were supplied to those members, who demanded them, in amounts large enough to last them, perhaps, for months.

3. The *second* aim is the *subversion of the government*. They pretend to call themselves Republicans, yet they have tabooed every principle which our fathers esteemed essential to republican government. The Constitution and the Federal Union are essential to each other. The one cannot exist without the other. The Radicals laugh at the idea of a Constitution—they have spurned that sacred instrument and spit upon it. The reserved rights of the States, so essential to the personal rights and liberties of the citizens, they trample in the dust. A leading Radical official in this city, we are told, says that the real object of the Radicals is *the wiping out of State lines, the obliteration of the State governments, and the concentration of all power in a* CENTRAL GOVERNMENT AT WASHINGTON! Such a party is in antagonism with republican government. Who does not see that this will certainly end in anarchy and a despotic government? No party in this country, before, ever aimed at such a result. The Radical party is no representative of any party, which has heretofore existed in this country. What American can sustain such a party? What naturalized foreigner in America can favor such a party? He left Europe to enjoy the blessings of free government. The naturalized foreigner, who sustains such a party, votes to put down free government and establish upon its ruins *anarchy*, and ultimately an Empire! Consider this, ye naturalized foreigners, and shun Radicalism as a viper!

John Pool "takes to water" in the mountains. Col. W. M. Cocke, of Asheville, called upon the little man, at Asheville, and proposed to *divide time* with him at his appointments, as follows: *pool* to open, Col. Cocke to follow, *pool* to reply and Colonel Cocke to rejoin,—this order to alternate at the different appointments. Pool showed the white feather, but said he would agree to the following: he to open, Col. Cocke to reply and *pool* to close the discussion,—leaving the remainder of the day to R. M. Henry and A. H. Jones. Of course, Colonel Cocke declined to accept so contemptible a proposition.

We hope that there will be some one on hand, at all of pool's appointments, to tell the Western people how this man, who now prates about "treason" and "rebels," voted for Mr. Davis, for President, as State Elector, sought the position of Brig. Gen. in the Confederate service, advised the people to invest in Confederate securities, and solicited Gen. Ransom to send troops to Bertie to protect him and other "loyal" (to the Confederacy) men, from the depredations of the buffaloes. It will be well, too, for the Western people to be told of his illiberal views on the subject of Internal Improvements! Give it to this arch-plotter, wherever he shows his diminutive head!

RAILROADS AND STATE CREDIT.

We are committed, to the fullest extent, to the completion of our Railroad system and to the maintenance of our State credit. But we are equally committed against all extravagance, all schemes which are ill-judged, everything to crush and bankrupt, for years and years to come, *our oppressed people*. Our people are honest,—we want them kept so. We deprecate, above all things, the demoralization of the people. Repudiation we regard as a crime. But when the people are oppressed by just debts, beyond their means of paying, it is no crime to *defer payment* until they are able to pay. It is no crime to be poor; but it is a crime to incur liabilities, when you do not see a good prospect or a probability of paying. Nor is it a crime to refuse to pay unjust debts. Debts imposed upon the people, contrary to law, or by unauthorized agents, or where the people get no proper consideration, are not just debts. It is not repudiation to refuse to pay such debts.

We neither expect repudiation nor State bankruptcy from the construction of our Rail Roads. We have no Rail Road projected in this State, which does not promise to do well. All of them *will* do well, *if* properly managed. They are essential to the development of the resources of the State. Their construction will give our laborers employment—will bring capital into the State, and will contribute vastly, ere long, to the wealth of the people. But we would impress upon our Rail Road men the absolute importance of economy, skill and energy in their enterprises. We would have the people's money spent with the same judgment and economy that individuals spend their own. This is no time for waste.

Our correspondent "B.," and ourselves, do not differ, except that, perhaps, he places a higher estimate upon the people's resources and ability than we do. He believes that the way for our people to prosper is to pay the State's interest and maintain the State's credit, in order to complete our public works. So do we. But we believe that the only way to enable our people to do this, is for the agents of the State government and the General Assembly to avoid all new and useless expenditures, to oppose the introduction of new offices, increased salaries, and new schemes which involve large expenditures.

The changes introduced by the corrupt carpet-baggers (for they alone are responsible for them) in our Court system, our County governments, registration, &c., involve an amount of expense perfectly astounding. They are all very *small* men—men of no note, no responsibility, no respectability, no *prestige*, in the North, from whence they came, and wholly incompetent to judge of the ability, resources, character and wants of our people. These changes may suit populous, wealthy States, but are wholly unfit for North Carolina. *The people must repudiate this whole carpet bag system*, which has been forced upon us. The few white Radicals of any sense in the State Convention, natives of the State, allowed themselves to be run over by the support of their schemes by pledges of office. Let these carpet-baggers be discarded and put down, or we cannot maintain our State credit, cannot build our Railroads.—The present carpet bag, scallawag and negro rule in North Carolina *must be put down at the ballot box*, or North Carolina is HOPELESSLY BANKRUPT!

EDGECOMBE AND NASH.

On Saturday, the 5th inst., a large number of the Democrats, both white and colored, of Edgecombe and Nash counties, met at Battleboro, to form a Seymour and Blair Club.

S. T. Williams, Esq., of Granville, by invitation, addressed the meeting, and, at the conclusion of his remarks, called upon all to come forward and put down their names as members of the Club. All the whites and several of the colored men obeyed. At the request of the members of the Club, H. G. Williams, Esq., of Nash, then addressed the meeting in a few remarks, in which he opened the eyes of the colored men to the falsehoods with which many of them had been deluded by their Radical teachers.

Edgecombe, notwithstanding the great preponderance of the Radical vote, will do wonders in November, and her sister county, Nash, is equally vigilant and zealous in the good cause.

WE LEARN that the Radical Sheriff and Clerk elect of Cumberland have not been able to give their official bonds in that county. They came to Raleigh and obtained the signatures of *J. T. Dewees* and a man by the name of *Pryan* or *Pryne*, who, we are informed, by a letter from Fayetteville, *undertook that they were worth* $40,000! We have not learned whether the bond has been accepted. How many *more* bonds is Dewees on?

GOOD?—The New York *Herald* comes out boldly for Grant and Colfax. Set it down that they are beaten. The *Herald* has never yet advocated a successful candidate for the Presidency. We have been on pins, for some time, fearing that Bennett would come out for Seymour and Blair. Now we are at ease.

WE HAVE the heaviest National debt that the industry of any people ever struggled under, without being totally crushed, and it is hugely increasing, instead of being diminished.

ONE THOUSAND millions of dollars would not cover the Radical frauds committed since the close of the war. For these the people are ground to the earth with taxes.

INDIANA AND ILLINOIS.—Letters have been received here to-day from Senator Hendricks and Dan Voorheer, giving a very cheering account of democratic prospects in Indiana. Hendricks is said to express himself confident of being elected, and Voorhees not only feels sure of Indiana, but predicts a democratic success in Illinois.—*Wash. Cor. N. Y. Herald.*

HORRIBLE SUGGESTION,—THE TRUE SPIRIT OF RADICALISM.

Our telegram from Washington, on yesterday, referred to the threat of "Senator Pinchback to burn New Orleans" as having excited universal horror among all classes at the North.

Who *is* "Senator Pinchback," and what was his threat? He is a negro "Senator," lately installed in the Senate of Louisiana, in place of a white Senator who was ousted by the Radical majority,—just as Mr. Long, the worthy and estimable white Representative from Caswell, was recently ejected from the bogus Legislature of this State, to make way for that ignorant negro, Wilson Carey. After charging the people of New Orleans, in a harangue, on the floor of the Senate, a few days since, with a "growing disposition" to persecute the colored race, Pinchback uttered the following hellish menace, which, although it may be received with horror at the North, will doubtless elicit the plaudits of the infamous crew of carpet-baggers and scallawags who infest the South and only live on vindictiveness and hate:

"The next outrage of the kind which they commit will be the signal for the dawn of retribution, a retribution of which they have not dreamed—*a signal which will ensue ten thousand torches to be applied to this city, for patience will then have ceased to be a virtue, and this city will be reduced to ashes.*"

This diabolical and savage suggestion is the legitimate fruit of the atrocious counsels which Southern Radicals, native and imported, have instilled into the minds of the easily-inflamed negro population. The sentiments enunciated in the late address of the Radicals of the Legislature, and in the "Retaliation" doctrines of the carpet-bag paper in this City, tend not only to just such threats as these uttered by this black demon in New Orleans, but to their fiendish, practical execution. The advice and teachings of those creatures lead to riot, robbery, pillage, arson and murder. Collision and tumult they court, and they will not be greatly shocked at the perpetration of any of the other crimes we have enumerated, and which, indeed, they indirectly, if not directly, counsel. They exhist and breathe only in an atmosphere of lawlessness and incendiarism. A few nights ago, near the town of Wilson, the barn of a citizen was burned to the ground, by the negro President of the Loyal League, possibly acting under orders, in "retaliation" upon its owner; and, still more recently, a colored man in Sampson County, who, in the exercise of an honest judgment, had seen proper to connect himself with a Democratic Club, was called out of his house, at the dead hour of midnight, and brutally *shot through the heart* by these same "Loyal Leaguers," who are bound together, by horrid oaths, in secret and treasonable associations! These are the genuine and unmistakable out-croppings of the infernal spirit which pervades this Legislature address, and all the exhortations to "retaliation," crime, disorder and blood of imported Radical emissaries, and the depraved, malignant and cowardly hounds of native breed.

With such evidences of their criminal intent, any honest, well disposed, peaceable man, of either race, should longer consent to be identified with them. Those who do so are contributing to their own and the country's ruin. Let them keep their garments clear of blood.

"*Let us have Peace!*"

DISTRICT CONVENTION.

The Convention for the 4th. Congressional District meets at Franklinton, to morrow, the 10th. inst. We judge that the Convention will be a full one. The business which calls it together is highly important. The difficulty will be to select candidates for Presidential Elector and for a member of Congress, from the large number of able, excellent men to be found in the District.—We will heartily support the nominees, and we beg that the Convention will not act hastily, but will unite on the best men, in all respects, for those positions. Deweese has shown himself to be wholly in antagonism with the peace and quiet and material interests of the District. Don't forget his war speech in Congress. Let him be beaten, and let the man, who can certainly do it, be selected for Congress.

We are authorized to say that delegates to the Convention will be passed over the Raleigh & Gaston Road for one fare.

FIRST CONGRESSIONAL DISTRICT.—We learn, just as we go to press, that the Hon. David A. Barnes was nominated as the Democratic and Conservative Candidate for Congress in this District, by a large and enthusiastic District Convention, which assembled in Plymouth, on Saturday. An admirable selection.

For the Sentinel.

THE SENTINEL.

LOCAL DEPARTMENT.

WEDNESDAY, SEPTEMBER 9, 1868.

THE MEETING LAST NIGHT.

The Court House was filled to overflowing last night, with the good and true men of Raleigh. We have never seen a larger or more respectable local meeting.

The speech of Judge Merrimon, which occupied nearly two hours in its delivery, was one of great compactness and ability. His arraignment of the Radical destructives for their iniquities was powerful and withering, and his appeals in behalf of the wounded Constitution of the country most stirring and eloquent. He fixed the attention of his audience throughout, and it is the universal sentiment that so impressive and effective an effort has rarely been heard in this City.

After Judge M. concluded, Col. J. W. Sharpe, of Johnston, in response to the call of the meeting, entertained the people with some brief but pungent and telling remarks.

Vaughan's band was on hand previous to the meeting, and greatly enlivened the occasion, with the soul-stirring strains of music.

NEW ADVERTISEMENTS.—See Professional Card of W. H. Husted, Esq., Attorney at Law, Raleigh.

J. G. McPheeters & Co., Cotton Factors and Commission Merchants, No. 4 South Holliday St., Baltimore, Md: We need not say anything in commendation of this Firm. It has a large capital, is composed of energetic and reliable gentlemen, and is especially affected towards North Carolina and her interests. It is a good Democratic Conservative Firm,—sound in this as in all other respects.

Stolen—a cream-colored Horse and a black quilted Saddle: Archibald Taylor, Ransom's Bridge, Nash Co., offers $25 reward for the recovery of the horse, and $25, also, for the conviction of the thief.

For Sale—a small House and Lot in the Northwestern part of the City: Apply to Alsey Bevers.

Kreth & Weikel, Merchant Tailors, second door below the National Bank block, Raleigh: Both of them are practical and scientific Tailors, whose work is always well done. Their store has recently been fitted up in neat and tasty style, and their fabrics are of superior quality and patterns.

MIDDLE WARD CLUB.

The Seymour and Blair Club of the Middle Ward will meet at the Court House, this (Wednesday) night, at 8 o'clock, for the purpose of organization. A full attendance is requested.

THANKS to J. J. Purcell, Esq., of Caldwell County, and Jno. H. Hamlet, Esq., of Lincoln, for clubs of subscribers to the *Sentinel*. We are in daily receipt of many smaller clubs, for which our friends will please accept our acknowledgments.

THE ASSOCIATE Editor of the *Sentinel* acknowledges the compliment of invitations to address the people at the Mass District Convention, to-day, in that goodly and glorious old town of Fayetteville, and, also, at the Democratic Barbecue which takes place to-day, in Littleton. He regrets, with many thanks for the kindness which prompted the invitations, that his engagements, the present week, have prevented his acceptance of either.

AMERICAN PRINTING HOUSE FOR THE BLIND.

Most civilized countries have made provisions for the instruction of their Blind in the primary branches, but, in the general means of educating the Blind, there are great deficiencies.

But few books,—comparatively very few,—have been published in raised letters; sufficient apparatus, addressed to the sense of *touch*, have not been prepared; the cost of publishing books in raised letters, the small number of the Blind, and their inability to meet such expenses, make it necessary to appeal to the public for means to produce a library for the Blind,—a systematic series of text books addressed to the sense of touch.

Five Dollars, or more, will be acknowledged in the next report and a copy sent to the donor. Donations vary from small amounts to $2,000. Fifty per cent. will be set apart as an endowment, until the sum is sufficient for the interest to meet the general expenses—thereby ensuring the perpetuity of the Institution.

Donations may be forwarded to Prof. Jno. A. Simpson, Teacher of Blind, care of W. J. Palmer, Deaf, Dumb and Blind Institute, Raleigh; or Dr. G. W. Samson, President Columbian College, Washington, D. C.

D. B. SHERROD,
General Agent.

Mr. Sherrod, the General Agent as above, who is himself blind, is at present in this City, for the purpose of furthering the commendable purpose which he has in view. His object seems to be to establish an "American University for the Blind," which shall be furnished with an ample and judicious selection of historical, scientific and other useful books, addressed to the sense of touch. He brings the highest recommendations, both of himself and his noble mission, from Bishops Green, of Mississippi, and Whittingham, of Maryland, Governors of various States, and many eminent Federal and State officials. The Clergy of this City have also united in a cordial endorsement of Mr. Sherrod's philanthropic views. We trust that these aims may receive such State and individual bounty as will promote their speedy accomplishment, for the benefit of these children of affliction.

THE WARD CLUBS.—The resolution of the City Seymour and Blair Club into Ward Clubs was a happy idea, and one which has been acted upon with promptness and great enthusiasm. Already we find a spirit of patriotic emulation springing up between the different Clubs, which promises the finest results. The true men of this City are becoming fully aroused, and we look for a series of glorious gatherings in the various Wards, with an occasional combined demonstration, that shall work wonders in Raleigh.

Let the Seymour and Blair pole be raised as soon as possible!

ON THE 1st. of October there is to be a tremendous gathering of the mountain clans, in Democratic and Conservative Mass-Meeting, at Ashville. Thos. R. Nelson and Jno. Baxter, of Tennessee, are expected to address the people.

EASTERN WARD CLUB.

RALEIGH, N. C., Sept. 7, 1868.

Pursuant to resolution of the Central Club, the Democrats and Conservatives in the Eastern Ward met at Womble's school house, at 8 o'clock, this evening, for the purpose of forming a Seymour and Blair Ward Club.

On motion, T. G. Jenkins was called to the Chair and V. Ballard requested to act as Secretary.

On motion, a Committee of five were appointed to suggest permanent officers for the Club. The following named gentlemen were nominated and unanimously elected: President, W. D. Haywood; Vice Presidents, J. C. Gorman, Alfred Upchurch; Secretary, V. Ballard; Assistant Secretary, John T. Womble; Treasurer, Thomas G. Jenkins.

The roll was called and 63 *new names* were enrolled. The greatest enthusiasm prevailed.

The house, being entirely too small, a Committee was appointed to obtain a suitable place for the meetings of the Club.

The Club was entertained by appropriate remarks from Col. Russ, Capt. DeCarteret, J. J. Litchford and others.

On motion, it was ordered that the proceedings of the meeting be published in the *Sentinel*.

The meeting then adjourned to meet again on Friday evening next.

W. D. HAYWOOD, *President*.
V. BALLARD, *Secretary*.

WESTERN WARD CLUB.

The Democrats and Conservatives of the Western Ward met at Howell's School House, on Monday night, for the purpose of organizing their Ward Club.

On motion, Peter Fleming, Esq., was called to the Chair, and Mr. W. E. Pell, Jr., by request, acted as temporary Secretary.

A Committee was appointed to recommend permanent officers, who reported the following, which were approved by acclamation, viz: President, J. H. Separks; Vice President, Peter Fleming; Secretary, Emmett Alley.

The formal proceedings have not yet been handed in.

A large and enthusiastic crowd was present, and the finest feeling prevailed.

The regular meetings of the Club are to be held on Monday evenings.

AGRICULTURAL EDUCATION.

In the present depressed condition of our affairs, the improvement of our Agriculture and the development of our mineral resources present the most speedy, if not the only prominent, means of relief.

Our scanty labor must be directed by science, skill and experience, to make it pay; our lands must be manured with the best, most appropriate, and, therefore, the cheapest Fertilizers; skill in their selection and knowledge competent to test their purity are absolutely necessary to their economical employment. Who of our many intelligent Farmers and Planters are equal to this task? Who of them can accurately determine the manures specially adapted to their soils, and how many have any knowledge, at all, to enable then to distinguish a pure from an adulterated manure,—one that is worthless from one that will give full recompense in the crop to which it is applied, and, at the same time, improve the soil for subsequent crops? Who of them are acquainted with the best implements and the proper mode of using them? All of this knowledge is now more needed than ever amongst our citizens, and we are glad to see, from the advertisement of the Maryland Agricultural College, that it can be obtained in our sister State, Maryland, and on most moderate terms, blended, at the same time, with (or without, as may be chosen,) a thorough classical education.

Dr. Higgins, the Professor of Agriculture and the Natural Sciences in this Institution, is also the superintendent of its large farm, orchard and garden. This gentleman, a successful planter and farmer, was for ten years the State Agricultural Chemist and Geologist of Md., and, as such, devoted himself exclusively to the study and application of all the sciences (and which of them are not applicable!) to agriculture, studying the best modes of husbandry throughout the country and applying them with all the lights of science and practical skill to that of his own State. By him are the Natural Sciences taught, and under his direction are their applications made in the field, in the orchard, in the vegetable and flower garden, belonging to the Institution. Instruction in the raising of fruits and vegetables is especially needed by our citizens. Here is an opportunity of obtaining this knowledge to the fullest extent, not only as to the best varieties for export and home consumption, but all that appertains to their preparation and cultivation, budding, grafting, &c.

There is attached to the College a flourishing vineyard, where the best varieties of the grape are cultivated and the adaptation of the different varieties to different uses and climates carefully studied.

In a word, not only is the usual College course afforded here, but, in addition to this, science and practice are applied to all the various branches of Agriculture, and a complete course given in practical Geology, mining, the assay of ores, and the application of Chemistry to any of the Industrial Arts (Technical Chemistry.)

The student can, at pleasure, pursue any branch of study in the Scientific and Agricultural Department that he may desire, independently of the usual College course.

The President of the Institution is Admiral Franklin Buchanan, (late C. S. N.,) of whose administrative ability, the most admirable and efficient Naval School, at Annapolis, organized by him, whilst in the U. S. Navy, is a standing monument.

The temper and feeling of the people of Maryland to us, now, as in times past, give every assurance that, to those of our sons who attend her College, there will be extended a most cordial and home like welcome.

GOLDSBORO has the finest Seymour and Blair banner in the State. The size of it is about 10 x 20 feet, and it displays the names and life-size likenesses of our candidates. It was given to the breeze, amid much enthusiasm, on Monday.

WHERE'S YOUR MULE!—John Mucklereese, a colored member of the midnight League, wishes us to say that he is anxiously waiting for that 40 acres of land, and that mule and $100, which he was promised when he joined the League. Until those promises are fulfilled, he advises all the colored people to have nothing to do with such a deceitful party. They've fooled you once; be smart enough not to let them fool you again.—*Asheville News*.

For the Sentinel.

MESSRS. EDITORS:—Your statement of the public debt is, I think, nearly correct.—Still, unless attention is called particularly to some points, a wrong impression may enter the mind of a reader not careful.

1st. The bonds to be issued under the late Funding Act, about $2,000,000, are to be dated 1st. Oct., 1868. Hence, interest will not be paid on them until 1st. April, 1869.

2nd. It should be particularly remembered that Col. Cowan, of the Wilmington, Charlotte and Rutherford R. R. Co., and Dr. Hawkins, of the Chatham R. R. Co., and Gen. Stubbs, of the Williamston and Tarboro' R. R. Co., all promise, certainly, to pay the interest on the bonds loaned to those Companies. It is their policy to do so, otherwise they will lose the control of their respective Roads. Hence, the amounts for which the State credit was loaned to these Companies, may be omitted in estimating the burdens of the people in paying the public interest.

3rd. It is true that the General Assembly, to carry out the settled policy of the State, advocated by all the political parties which have existed in this State for 20 years, authorized, on certain terms, a State subscription of $4,000,000 to the Western N. C. R. R., to build that Road to Docktown. But, remember that it will probably be many years before this subscription will be required. The Western N. C. R. R. was incorporated in 1854, and $4,000,000 were authorized then, on certain terms. The authorities of the Company took *eighteen years* to exhaust this amount—in fact, there is a small balance yet due. Now, as it will probably be years before the $4,000,000, lately granted, will be called for, this cannot be regarded as a *present* burden on the State.

4th. The General Assembly of 1866 '67, by a large majority, authorized the subscription of $1,000,000 2nd. mortgage bonds of the Wil., Charlotte & Railroad Co., belonging to the State, to the Western Railroad Co., to extend their road to and across the North Carolina Railroad. The Convention of 1868 changed this by giving in exchange for $500,000, of these mortgage bonds, a like amount of State bonds, it having been found that the former cannot now be used.

5th. It thus appears that, in all probability, the only bonds on which the State must shortly pay interest are $16,361,000, and, in fact, that only $110,000 will be needed, 1st. Oct. 1868. Your estimate of $1,500,660 will not be true for some time to come, and unless the Western N. C. Railroad fulfills certain conditions, will never be.

6th. You make no estimate of the advantages which will accrue to our people from meeting our interest, and completing our Railroads. I do not hesitate to say that resumption will save to the Railroad Companies, and the Counties through which they run, three or four times the amount of interest required. In my opinion, the State should begin at once, and, in a few days, with your permission, I hope to demonstrate this. Leaving out of view the moral gains of DOING RIGHT, I expect to show that the State will make money largely by the operation.

SEYMOUR AND BLAIR IN HALIFAX.

Editors Sentinel:—Halifax county is thoroughly awake to the importance of the great political contest now going on, and her people will do their whole duty in the effort to crush the present corrupt officials and put patriots and statesmen in their places. There are ten Democratic Clubs in the county, and it is very difficult to find a white man, leaving out the two or three dozen scallawags of the county, who does not belong to one of them, and accessions are made at every meeting from the colored voters, who are joining in considerable numbers. One Club in my neighborhood has, I am told, eighty colored members, and it is probable from present indications that the number will be more than doubled.

The worst class of negro leaguers, under the guidance of such white scamps as Everett, Jim Goodin, and others of that class, are assuming a menacing attitude, and apprehensions are entertained that these men will succeed in their efforts in bringing about collisions between the negroes and the whites. The whites, I know, are determined to avoid everything of the kind, and the large portion of the negroes are indisposed to bring about any difficulty, but the miscreants to whom I have alluded, acting under instructions, or upon an organized plan, in conjunction with the more reckless and degraded portion of blacks, are showing signs of a purpose to effect their aims or "have a fuss," as an old negro expressed it to me a few days ago.

Crops, in this county, are very promising, and there will be plenty of bread another year for all who work and for their families, if Jim Goodin's advice to the innumerable crowd of idlers is not pursued and the corn stolen. I intend to give you a condensed biographical sketch of this man Goodin, John Everett, Ben. Lavender and other scallags of this county, as soon as I can get leisure to write it out. I know them all, and I cannot now remember but two of them who have not been, on good grounds, accused of stealing or some other equally disreputable crime at one time or another, during their eventful lives. Not that I think they will be much ashamed or the public profited by the *expose*, but I want the world and the rest of mankind to know what sort of men Mr. Holden chooses to make officials of.

The Radicals use every effort to prevent the negroes attending Democratic meetings, and in some instances have threatened personal violence against those who attend them.—The Clubs have, therefore, adopted the system of talking to the blacks at their homes, in the fields, on the road, and everywhere else they come up with them, and the plan is producing excellent results; not the least of which is, the difficulties on the minds of the negroes, and the false teachings they have received from their corrupt leaders, are ascertained and can be met and refuted. I advise this course to the Clubs everywhere.

With hearty wishes for the success of the *Sentinel*, and the cause it advocates, I am &c.

BEAR SWAMP.

NEW COTTON.—The *Journal* has already noticed the reception of the first bale of new cotton in this city from Vicksburg, Miss.—We have since seen a specimen of the article in question, which is fully middling in quality, very clean, and of fair staple. The cotton was raised by H. S. Fulkerson, and sold by W. D. Reynolds & Bro., consignees, to J. M. Smith & Bro. for the Manchester, Va., Mills, for thirty five cents per pound. The freight on this cotton from Vicksburg to Norfolk was only 1½ cents per pound, and if proper exertions are made a vast amount of cotton can be induced to be sent from the Southern States to Norfolk, where it can be sold to home and foreign markets. *Norfolk Journal*.

J. Grant and F. Stubbs, negro members of the South Carolina Legislature, who were elected as Radicals, have announced their intention to vote for Seymour and Blair, and call upon the negroes throughout the State to do the same. They will stump their respective districts in the Democratic interest.

SEYMOUR AND BLAIR IN GRANVILLE.

KITTRELL'S, Sept. 5, 1868.

MESSRS. EDITORS:—The Conservative people of Kittrell's and vicinity this day assembled and formed a Seymour and Blair Club. The meeting was called to order by inviting Dr. T. C. Hines to the Chair, with Dr. G. W. Blacknall as Secretary, temporarily.

Dr. Hines, being called for, explained the object of the meeting in some forcible remarks; we have not listened to anything more impressive for a long time.

Captains J. C. Hester and B. A. Capehart, of Granville, and Hon. Chas. Latham, of Plymouth, followed.

The Meeting then proceeded to business, and elected the following officers as a permanent organization: Dr. T. C. Hines, President; G. W. Kittrell and J. C. Hester, Vice Presidents; J. B. Young, Recording Secretary; T. B. Yancey, Corresponding Secretary; Capt. J. H. Fuller, Treasurer.

The Chairman then appointed the following as an Executive Committee: Col. S. G. Hayes, C. H. Gay, C. W. Raney, Thos. Capehart and K. W. Cogwill.

It was then moved that the same Committee draft resolutions for the meeting.

Much enthusiasm was evinced, during the whole meeting. It was moved that a copy of the proceedings be sent to the Raleigh *Sentinel* and Henderson *Index*.

The Club will meet again on next Friday night, when it is hoped a full meeting will be in attendance.

UNIVERSAL LIFE INSURANCE COMPANY,

NO EXTRA CHARGE FOR FEMALE RISKS.

LOSSES PAID IN THIRTY DAYS.

No Restrictions on Travel or Residence

OF NEW YORK.

Office, No. 69, Liberty Street.

The Original Joint Stock Life Insurance Company in the United States.

The Business of this Company is exclusively confined to the Insurance of First Class, healthy lives.

The Distinctive Feature

Of the STOCK system of Life Insurance, as opposed to the Mutual, is a low rate of premium, for stated sums insured, which is **immediate, sure and certain**, in lieu of a high rate of premium and *promised* dividend, which is distant, contingent and uncertain—this so-called dividend being merely a return of a portion of the excessive and unnecessary premium charged in the first instance.

☞ The premiums charged by the "UNIVERSAL" are nearly *one-third* lower than those charged by the Mutual Companies.

The "UNIVERSAL" desires to call the particular attention of Agents and others to the new "Return Premium Table," which has been prepared by the Actuary of the Company. It will be noticed that these Rates average less than the ordinary rates charged by Mutuals. The inducements offered by this table are equal to a reversionary dividend of one hundred per cent. of all premiums paid.

Rates to Secure $1,000 at Death, with a Return of all Premiums paid.

AGE.	Ordinary Life Rate	Ten Payments Rate	AGE.	Ordinary Life Rate.	Ten Payments Rate
25	$21.89	$27 48	45	$33.48	$79.18
30	25.59	43 10	50	74.57	104 77

40	40.07	62.44	60	163 91	201 07

Example.—A man aged 30 insures his life for $1,000, and pays 43.10 per annum on the 10 payment plan, and dies after having paid five annual payments, or $215.50, his policy will be good for $1,215.50.

NON-FORFEITING CASH RATES

OF THE

ÆTNA LIFE INSURANCE COMPANY,

OF HARTFORD, CONN.

ASSETS, $10,000,000.

DIVIDEND, Fifty per Cent.

$130 to pay every 100 of Liabilities.

57,000 Members, and constantly increasing.

DESCRIPTION OF POLICIES.

First.—Whole Life Policies.

Second.—Endowment Policies, for terms of ten, fifteen, twenty, twenty-five, thirty, and thirty-five years.

AGES.

Insurance will be granted at all ages from fifteen to sixty years.

PREMIUMS.

Premiums are payable annually during the continuance of the insurance, or annually during a period of five, ten, fifteen, or twenty years within the insurance term; or by single payment.

DIVIDENDS.

All Whole Life and Endowment Policies, issued at the published rates, will participate in the surplus from the date of issue.

The dividends will be declared and paid annually upon the contribution plan, and may be applied as the assured shall elect, either to reduce future premiums, or to increase the Cash Value of the Policy.

If no election be made, the dividends will always be added to the Cash Values

When, by adding the dividends to the Cash Value, the accumulations on any Policy shall have become sufficient to keep the same in force for its *full amount*, without further payments, the assured may at his option, either continue payment of premiums—and enlarge thereby the annual additions to its Cash Value—or discontinue them; and in either case when the accumulations shall have become equal to the sum insured, the annual dividends on the Policy will be declared as a per centage of said sum, and *paid in cash*, and upon surrender of said Policy the sum insured thereby, will be paid in *full*, without regard to the time fixed therein for its payment.

This system of applying the dividends is peculiarly advantageous to the assured, securing, at an increased age, not only relief from further payment of premiums, but, at the same time, an annual income until death, unless he shall have previously received full payment of the Policy.

Dividends on paid-up Policies—that is, Policies which require no further payment of premium to continue them in force for the original amount of insurance—will be paid in cash upon demand.

NON FORFEITURE RULES.

No Whole Life or Endowment Policy, on which two or more annual cash premiums have been paid, shall be forfeited by failure to make further payments, as stipulated therein, but will continue in force for the full amount which the Cash Value and dividends then accumulated, will purchase—taken as a single net premium upon the "Actuaries" rate of mortality and four per cent. interest; and the amount continued in force will generally exceed the aggregate of the payments actually made, extra charges excepted.

No Whole Life or Endowment Policy shall be forfeited by an exposure of the assured life in violation of the conditions expressed therein, unless death shall occur under or in consequence of such exposure, when the full Cash Value of the Policy, together with all accumulations from dividends, will be paid upon its surrender.

INCREASE OF INSURANCE.

Applications to increase the sum insured on any life will always be considered as applications for new insurance and, therefore, no increase of insurance will be granted unless the unimpaired condition of the assured life shall have been proved by medical re-examination.

WASHINGTON, D. C.

THE SESSIONS OF THE SEVERAL Departments open as follows:

The PREPARATORY, September 9th; the COLLEGIATE, September 23rd; the THEOLOGICAL, October 7th; the LAW, October 14th; and the MEDICAL October 19th.

This College was organized with a reference to the oft urged suggestion of WASHINGTON, that a University, at the Federal Metropolis, would tend to the "assimilation of the principles, opinions and manners of our countrymen, by the common education of a portion of the youth from every quarter." Its graduates have verified the expectations of Madison and Monroe, that the facilities of hearing debates in Congress, arguments in the Supreme Court and Lectures from eminent men, and of visiting Libraries and Collections in Science, gathered at this centre, would foster a comprehensive mental development.

The Preparatory School gives a thorough training for business, and prepares it for College. The College proper has eight efficient Professors; all the Chairs being filled. The Theological school has three Professors and Lecturers; the Law School four, and the Medical ten. The expenses are as low as at other Colleges. Number of students the past year, 124. For Catalogues or further information, address,

G. W. SAMSON, D. D.,
President.

VEGETABLE PILE OINTMENT.

TO THE PUBLIC.

For 25 Years I was sorely afflicted with the **Piles.** After trying every remedy I could hear of and failing to receive any benefit, in 1857, I discovered a remedy, purely vegetable, which effected an entire cure, and I have had no return of it

Anxious to relieve the afflicted and to promote my own benefit, I made public my discovery and had the gratification to know that my remedy cured a large number of persons. My ointment was advertised in the public prints and I met with great success, until the War came on.

By the advice of friends, I have determined again to manufacture the Ointment and offer it for sale. Any number of certificates of its value could be obtained if necessary.

Price of box $1, and postage. (fifteen cents.) As soon as I can make arrangements, I will put it in the hands of the druggists of the State.

THE NATIONAL DEMOCRATIC CONVENTION!

THE PLATFORM.

"The Democratic party, in national convention assembled, reposing its trust in the intelligence, patriotism, and discriminating justice of the people, standing upon the Constitution as the foundation and limitation of the powers of the Government, and the guaranty of the liberties of the citizen, and recognizing the questions of slavery and secession as having been settled, for all time to come, by the war or the voluntary action of the Southern States in constitutional conventions assembled, and never to be renewed or reagitated, do, with the return of peace, demand:

First.—Immediate restoration of all the States to their rights in the Union, under the Constitution, and of civil government to the American people.

Second.—Amnesty for all past political offences, and the regulation of the elective franchise in the States by their citizens.

Third.—Payment of the public debt of the United States as rapidly as practicable; all moneys drawn from the people by taxation, except so much as is requisite for the necessities of the Government, economically administered, being honestly applied to such payment, and where the obligations of the Government do not expressly state upon their face, or the law under which they were issued does not provide that they shall be paid in coin, they ought, in right and in justice, to be paid in the lawful money of the United States.

Fourth.—Equal taxation of every species of property according to its real value, including Government bonds and other public securities.

Fifth.—One currency for the Government and the people, the laborer and the officeholder, the pensioner and the soldier, the producer and the bondholder.

Sixth.—Economy in the administration of the Government; the reduction of the standing army and navy; the abolition of the Freedmen's Bureau (great cheering) and all political instrumentalities designed to secure negro supremacy; simplification of the system and discontinuance of inquisitorial modes of assessing and collecting internal revenue, so that the burden of taxation may be equalized and lessened, the credit of the Government and the currency made good; the repeal of all enactments for enrolling the State militia into national forces in time of peace; and a tariff for revenue upon foreign imports, and such equal taxation under the internal revenue laws as will afford incidental protection to domestic manufactures, and as will, without impairing the revenue, impose the least burden upon and best promote and encourage the great industrial interests of the country.

Seventh.—Reform of abuses in the Administration, the expulsion of corrupt men from office, the abrogation of useless offices, the restoration of rightful authority to and the independence of the executive and judicial departments of the Government, the subordination of the military to the civil power, to the end that the usurpations of Congress and the despotism of the sword may cease.

Eighth.—Equal rights and protection for naturalized and native born citizens at home and abroad; the assertion of American nationality which shall command the respect of foreign Powers, and furnish an example and encouragement to people struggling for national integrity, constitutional liberty, and individual rights; and the maintenance of the rights of naturalized citizens against the absolute doctrine of immutable allegiance and the claims of foreign Powers to punish them for alleged crimes committed beyond their jurisdiction.

In demanding these measures and reforms we arraign the Radical party for its disregard of right, and the unparalleled oppression and tyranny which have marked its career. After the most solemn and unanimous pledge of both Houses of Congress to prosecute the war exclusively for the maintenance of the Government and the preservation of the Union under the Constitution, it has repeatedly violated that most sacred pledge, under which alone was rallied that noble volunteer army which carried our flag to victory.

Instead of restoring the Union, it has, so far as is in its power, dissolved it, and subjected ten States, in time of profound peace, to military despotism and negro supremacy.

It has nullified there the right of trial by jury; it has abolished the *habeas corpus*, that most sacred writ of liberty; it has overthrown the freedom of speech and the press; it has substituted arbitrary seizures and arrests, and military trials and secret star chamber inquisitions for the constitutional guaranties; it has disregarded in time of peace the right of the people to be free from searches and seizures; it has entered the post and telegraph offices, and even the private rooms of individuals, and seized their private papers and letters without any specific charge or notice of affidavit, as required by the organic law; it has converted the American capitol into a bastile; it has established a system of spies and official espionage to which no constitutional monarchy of Europe would dare to resort; it has abolished the right of appeal on important constitutional questions to the supreme judicial tribunal, and threatens to curtail or destroy its original jurisdiction, which is irrevocably vested by the Constitution, while the learned Chief Justice has been subjected to the most atrocious calumnies merely because he would not prostitute his high office to the support of the false and partisan charges preferred against the President. Its corruption and extravagance have exceeded anything known in history, and by its frauds and monopolies it has nearly doubled the burden of the debt created by the war. It has stripped the President of his constitutional power of appointment even of his own Cabinet. Under its repeated assaults the pillars of the Government are rocking on their base, and should it succeed in November next, and inaugurate its President, we will meet, as a subjected and conquered people, amid the ruins of liberty and the scattered fragments of the Constitution; and we do declare and resolve that ever since the people of the United States threw off all subjection to the British Crown, the privilege and trust of suffrage have belonged to the several States, and have been granted, regulated, and controlled exclusively by the political power of each State respectively, and that any attempt by Congress, on any pretext whatever, to deprive any State of this right, or to interfere with its exercise, is a flagrant usurpation of power which can find no warrant in the Constitution, and if successful, by the people will subvert our form of government, and can only end in a single centralized and consolidated Government, in which the separate existence of the States will be entirely absorbed, and an unqualified despotism be established in place of a federal union of co equal States; and that we regard the reconstruction acts (so called) of Congress as usurpations, and unconstitutional, revolutionary, and void; that our soldiers and sailors, who carried the flag of our country to victory against a most gallant and determined foe, must ever be gratefully remembered, and all the guarantees given in their favor must be faithfully carried into execution.

That the public lands should be distributed as widely as possible among the people, and should be disposed of either under the pre emption or homestead laws, and sold in reasonable quantities, and to none but actual occupants, at the minimum price established by the Government. When grants of the public lands may be allowed necessary for the encouragement of important public improvements, the proceeds of the sale of such lands, and not the lands themselves, should be so applied.

That the President of the United States, Andrew Johnson, (applause,) in exercising the power of his high office in resisting the aggressions of Congress upon the constitutional rights of the States and the people, is entitled to the gratitude of the whole American people, and in behalf of the Democratic party we tender him our thanks for his patriotic efforts in that regard."

CONSTITUTION AND BY-LAWS FOR CLUBS.

We have received letters from several sources, requesting us to send printed copies of a Constitution and By Laws for the organization of Seymour and Blair Clubs.—Having none on hand, and no funds to print them, we have prepared the following Constitution and By Laws, as a guide for Clubs, and submit them to the consideration of our friends. They were submitted to the Young Men's meeting to form a Seymour and Blair Club, in this city, on Tuesday night, and unanimously adopted:

CONSTITUTION.

ARTICLE 1st. This Association shall be styled the ——— Club of ——— of North Carolina.

ART. 2. The objects of this Association are as follows: To unite in close political compact every Democrat, Conservative, or by whatever name known, in North Carolina, for the support and defence of the Constitution of the United States; the promotion of the peace and good will of society and the harmony of the Union; the proper enforcement of law and order by legitimate forms, and the utter destruction of Radicalism everywhere, by the election of HORATIO SEYMOUR, of New York, as President, and FRANCIS P. BLAIR, of Missouri, as Vice President, and all other Democratic and Conservative nominees for any office; and, further, to promote the mutual benefit and protection of each other in all lawful pursuits, aiding each other in business, as being members of one great political family, seeking to promote each other's welfare, and especially to extend such aid to those who have been or may be ignored or proscribed by the Radical party, as the Association may be able.

ART. 3. The officers of this Club shall consist of a President, three Vice Presidents, a Recording Secretary, a Corresponding Secretary and a Treasurer, who shall perform the duties usual to such offices, and who, together with Five Directors, shall be elected annually at the annual meeting of the Association, and shall constitute an Executive Board, to whom shall be committed the interests of the Club.

ART. 4. This Constitution, and such By-Laws or Regulations as the Club may adopt may be altered, amended or changed at any public meeting of the Club, by a vote of two thirds of the members present.

SUBSCRIPTION.

We, whose names are hereto annexed, do solemnly pledge our word and sacred honor, constantly and faithfully to promote the objects and aims of this Club as set forth in the foregoing Constitution, and do hold ourselves ready to defend the same, and to protect, to the extent of our ability, every member of this Association throughout the State.

BY-LAWS AND REGULATIONS.

1. Every member of this Club shall sign and subscribe the Constitution, in order to recognition.

2. All monied contributions to the objects of the Association shall be voluntary, and shall be held by the Treasurer, who shall keep an exact account and disburse the same only on the order of the Executive Board, to whom he shall submit his accounts when ordered.

3. The Club shall order its public meetings when and where it chooses, and the President may call meetings when desirable, but the Executive Board, or such of its members as may be designated, shall select speakers and make all necessary arrangements.

4. Each member of the Executive Board is hereby appointed a Committee to solicit names for membership, also monied donations for the objects of the Club, and to attend to the general interests of the Club, such as directing the correspondence, procuring and circulating documents, &c.

5. The Executive Board shall meet to transact the private business of the Club as often as it may order, (and the officers of the Club shall be *ex-officio* officers of the Board;) when the names of members shall be presented for registration or dismissal for good cause, to consider the financial business of the Club, and such other private matters as may be necessary. All members of the Club may attend the private meetings of the Board when convenient, and may give counsel but the business of the Board will be determined by the vote of the Board itself.

6. Any member of the Club intending to move to any other section, may obtain a certificate of his membership in this Club, if he desire it, to be signed by the President and Secretary.

7. The Executive Board of each Club will give special attention to all matters of registration, voting, &c., see that all do their duty, and that the law is strictly observed, that all fraud or mal-practice is detected and duly punished.

REMARKS.

1. In South Carolina, Georgia, Mississippi and other Southern States, strong Democratic Clubs are being formed, composed of colored citizens. The Constitution above is so worded that it can be adapted to any place or persons. If Democratic Clubs can be formed entirely of colored persons, perhaps it will be best; but where there are few, the Clubs may decide to enter them on their registers or not, as they may elect.

2. We would suggest that Young Men's Clubs, everywhere, should embrace all young men, from 18 years of age, and upwards. Many old men are faint-hearted, timid, afraid to let people know their political *status*. Take in the young men, who have the pluck, and who may be educated to *love* the Constitution and the country, and who will always vote right, when they become of age. We need the ardor and boldness of youth, as well as the prudence and wisdom of age. The necessity for this, however, would be obviated, if the young men, under the age of 21, would form Clubs of their own.

3. We insist upon forming Clubs in every Ward, in every precinct and Captain's District in the State, where 25 or 30 members, and as many more as possible, can be obtained. The more the better. The talent and energy of all our people must be brought out. It will not do to let the old men and the old party managers do all the managing and the talking. We *must put every man* in some position to be useful. By having a Club in every Ward and every neighborhood, we can find room for a great many as officers and talkers and working men. We can have our Club meetings out of doors, there pleasant nights, by moonlight or camp fires, and there will be a chance for *every man*, who can make a talk, or a little speech, or a great speech, to do something in that line. Let the Clubs be formed. Bring out all our men to work for the Constitution and the country, and let us save them by the election of Seymour and Blair!
